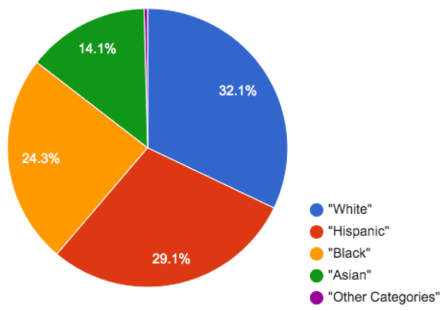
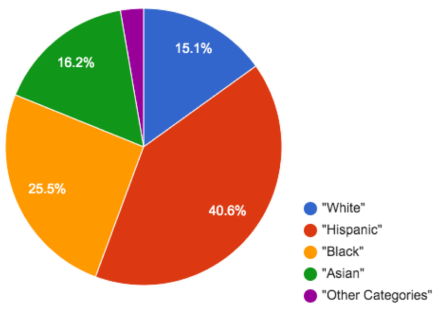
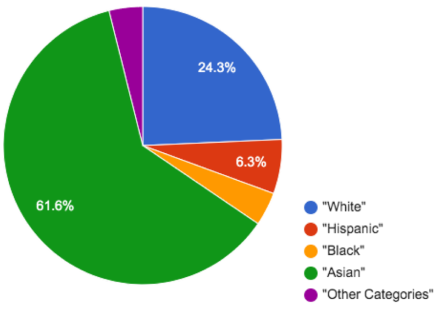
Do NYC Schools Reflect the City's Diversity?

The following data comes from a report from New York City Council, which begins, "After the landmark 1954 Brown v. Board of Education decision, integrating public schools became a nationwide objective." A look at the data led policy makers to pass some new laws. What do you notice and wonder as you look at the pie charts below?

NYC Population 2019	NYC Public Schools 2019	NYC Specialized High Schools 2019
		






What do you Notice?	What do you Wonder?

What information can we learn by comparing these pie charts that couldn't be learned from the schools pie chart alone?
